"Teams To Go North" TOMORROW'S GAME WILL BE THE LAST ONE HERE UNTIL JUNE 2

The Savages Will Go to Lincoln Monday to Battle the League Leaders.

Tomorrow's games will end the first spasm of the Western league pennant race. After tomorrow, the clubs of the southern division of the league will cease their arguments with one another for the time being and will go against the four clubs of the northern division.

To date no club of the southern division, composed of Topeka, Wichita, St. Joe and Denver, has met a team of the northern division. But Monday will see the dogs of war in new pairings which should lend new interest to the race and throw more light on the comparative strength of the different clubs. The Savages will begin their northern invasion against the Lincoln league leaders and nasmuch as Lincoln and Topeka will be fighting for the top pinnacle this should be the most interesting series of next week.

The fact that no northern club has been pitted against a southern club is being used as an argument to show that it is still impossible to pick the pennant contenders, and that while Lincoln may be the best club in the northern division it is entirely within the range of possibilities for the Ducks to prove inferior to every southern club. It also may be the case with Omaha. Undoubtedly the Lincoln boosters are applying the same arguments to the Savages, and it is these conditions that should make next week's games intensely interesting.

AVAY UNTIL JUNE 2. Tomorrow will be the last appearance of the Savages here until June 2 when they will return for a 24 day stay. After their four game series at Lincoln, Lattimore and his battlers will go to Sioux City, Omaha and St. Joe and will come back with the Indians as their opponents.

The only teams that look at all dangerous are those of Lincoln and Omaha, but so long as the Savages can continue to set the pace in club fielding and club batting as they now are doing they should have little to worry about.

BILL AND JIMMY. Jimmy Jackson, both former idols of Topeka fandom, spent the off afternoon Friday meeting their old friends and extolling, as best they could, the virtues and advantages of Wichita. Both are looking for a new home.

WASHBURN COACH WILL MEET PLAYERS AND BOOSTERS TUESDAY

Kennedy Says His First Consideration Will Be to Keep Athletics Clean.

Although every effort will be made to put Washburn back on the athletic map and to give the Ichabods a football team that will be famous all over the country, these things are to be given second consideration to that of maintaining the good name of the school and maintaining its reputation for clean athletics.

This was the information given out by Dr. Kennedy, the new coach when asked to outline the policies he would put into effect when he takes up his new duties.

"We are going to spare neither time nor pains in our efforts to turn out winning eleven next fall," Dr. Kennedy said, "but we are not going to put winning above everything else. I am opposed to any illegitimate evasions of collegiate conference rules, and my first consideration will be to maintain the high standard of Washburn has always maintained and to have clean, legitimate teams. We are going to build for the future as well as for the present, and we hope to build on a solid foundation."

Dr. Kennedy was in Topeka all day Friday, and he is expected to give the time and submit a report to the members of the faculty and meeting members of the football squad, including Captain Sam Stewart. While he would not predict what kind of a coach he will make next fall, he intimated that Topeka's coaches could expect to see some real games on Washburn field.

Friends Big Game. The meeting will be held at 8 o'clock and all alumni of the school, all old football stars and all supporters of Washburn who can attend are urged to do so. No special invitations will be sent out, but the newspaper notices are to be taken as invitations, and a full house is desired in order that it can be shown the new coach that he is to be given hearty support and co-operation by all.

It is probable that a booster club will be organized at the meeting for the purpose of arousing more outside enthusiasm and of reviving interest among former supporters who have grown cold towards the school and athletics as a result of the disasters and discouraging performances of the last few years.

Those who have talked to Dr. Kennedy and who have heard him discuss the possibilities that he sees at Washburn feel that the new life is to be instilled into the school and that it is only a matter of time until an Ichabod eleven will again be a factor in the baseball world of the whole Missouri valley.

While here this week, Dr. Kennedy stated that he did not expect to be able to move to Topeka until some time in August.
